

Chemistry Roundtable Scheduled

Visitors to the third Junior Chemistry Roundtable Conference will meet at El Camino College Saturday from 9 a.m. to 5 p.m. William T. Mooney Jr., assistant director of instruction for the host college also serves as conference chairman.

Chemistry roundtable conferences are held annually preceding the national meeting of the American Chemical Society which convenes this year in Los Angeles.

Purpose of the junior college roundtable conference is to make two-year college faculty members aware of the assistance and stimulation which the American Chemical Assn. can offer them to up-date and upgrade their programs.

AT THE SAME time the conference presents the problems, needs and programs of the two-year college to officers and members of the American Chemical Society.

The day's program features two general sessions to be followed by two discussion groups.

Principal speakers for the morning session will be Robert L. Silber, educational secretary, American Chemical Society and Dr. William Kieffer, editor of the Journal of Chemical Education.

Chairmen for the morning discussion sessions are Dr. Frank Lambert, Occidental College, and Warren Ford, El Camino College.

FOLLOWING lunch, speakers will be Dr. George Hammond, California Institute of Technology and Russell J. Morgan, chief, Bureau of Technical Education, California State Department of Education.

Afternoon discussions will be led by panels representing Oakland, Orange Coast, LA Harbor and Contra Costa colleges in one group and the University of Southern California, San Diego State College, Fresno State College and the Berkeley, Los Angeles and Riverside campuses of the University of California in the second.

Airman basic Terrence E. Jerome, son of Mrs. Lydie J. Jennings of 21905 Anza Ave., has been selected for technical training as an air policeman at Lackland AFB, Tex.

Airman Jerome, who enlisted in the Air Force a short time ago, just completed his basic military training there.

April Events At McMaster Park Listed

A schedule of April activities at McMaster Recreation Center was released yesterday by the Recreation Department. Programs range from softball to Easter egg hunts, with special events planned during spring vacation.

Marilyn Jensen, assistant director of city recreation, listed these programs:

Crafts—Tuesday and Thursday craft classes are scheduled from 4 to 5 p.m. with special emphasis on Easter.

Girls Softball—Signups for the Yellow Ribbon League will be held throughout the month.

Girls must be between 11 and 14 years old and must not have completed more than the 9th grade by June. A parent permission form is required.

Girls club—"Calling All Girls," a program featuring instruction in nail care, hair styling, fashion, cooking and sewing, will get under way in April. Activities also include volleyball, basketball, and physical fitness.

Midget races—Fathers and sons will be invited to design and build their own midget racers for competition later in the year.

Spring Vacation—Activities will be directed toward Easter, with basket and hat crafts taking the spotlight. Park hours are 9 a.m. to 9 p.m., April 8-12, and 9 a.m. to 5 p.m., April 13.

Easter party—An Easter bonnet contest will highlight the event scheduled April 13 at 1:30 p.m. Boys and girls participating will wear hats they made during the previous week. An Easter egg hunt, egg rolling contest, egg tossing, and other games will be included.

All that is human must retrograde if it does not advance.—Edward Gibbon.

Garden Checklist

1. Plant hydrangeas for lavish summer display.
2. Plan fuchsias now. Try some of the hanging types in overhead containers.
3. Feed lawns now and go after any lawn weeds with a chemical control. Your nurseryman will recommend one.
4. Plant daylilies this month for late spring and early summer bloom.
5. Plant tigridia bulbs for mid-summer bloom. The triangular, spotted blooms are real attractions in July and August.
